- Assistance with finding accommodation

## Artist-in-Residence Program

Red Deer College has expanded its Visual Arts facility in the newly opened Center for Visual Art in the Four Centres Building and now has three purpose built Artist-in-Residence Studios. The studios are designed to attract artists to Red Deer and to give an opportunity for emerging and professional artists alike to engage in research in an inspiring environment with equipment that they would not otherwise have access to. The ambition of the program is to promote meaningful interaction between the students, the resident artists and the community at large. **The AIR studios are available during two 15 week periods; September to December and January to April coinciding with the academic year.**

### Who is Eligible?

We are interested in hosting both emerging and established artists of all disciplines, practices, and nationalities. Artists applying should have a current and active practice and have completed their basic training and able to work in a self-directed manner.

### To submit an application:

We are currently accepting **Digital Applications only** - please ensure all images are readable on a Mac or PC and are in a suitable format (1024 x 768) - doc, jpg or pdf preferred. Send by e-mail to the address above

### Please send the following:

- 1) 10 images of work and an image list
- 2) One letter of interest outlining both your artistic history and how you would use your time as an artist in residence (including preferred dates and length of residence)
- 3) A current CV (3 pages max.)

### Deadlines

- **October 1** for the January - April period
- **March 1** for the September - December period
